## Telematics Features and Benefits

Equipment Category	Telematics Option	Function/Features	Alert Options	Benefit(s)
Brakes	12v Light Monitor (analog)	ABS Fault Monitoring	Email Light (local) Text API	FMCSA violation reduction Identification of a critical fault Safety of braking equipment
Brakes	Stroke Monitor	Brake Stroke Monitoring	Email Light (local) Text API	Overstroke Dragging brakes Timing issues Imbalanced stroke
Brakes/Air	TPMS Sensor	Air Supply Monitoring	Email Text API	Reduce brake drag Reduction in tank pressure Protect tires from flat-spotting Overall air health
Bectrical	Light Sensors	Light Health	Email Light (local)	Safe opet 1 CDMCq12.2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2

## Telematics Features and Benefits

Equipment Category	Telematics Option	Function/Features	Alert Options	Benefit(s)
General	Electronic Hubometer	Mileage	Email Light (local) Text API	Preventive/ Predictive maintenance Billing capability Trade cycle
General	ABSReader	Mileage	Email Text API	Preventive/ Predictive maintenance Billing capability Trade cycle
General	GPS	Mileage	Email Text API	Preventive/ Predictive maintenance Billing capability Trade cycle
Tires/Wheels	12v Light Monitor (analog)	Tire Inflation	Email Light (local) Text API	Tire health/performance Reduction of failure in mating tire Fuel improvements Reduction in tire wear Reduced downtime of both chassis and motor carrier Preventive maintenance
Tires/Wheels	TPMS Sensor	Tire Inflation Output	Email Text API	Monitor and report issues with inflation system to
